Comment:

These concessions are available to members of the State TPI Association on production of a current membership card, or as advised.

The State TPI Association as a result of representation to individual businesses in the region has produced this Register. It will be regularly updated as other businesses come on board.

There are other concessions available to members and printed either in the FNQ Concession Register or the National Concession Register.

The State Association appreciates feedback on any concessions that you may have difficulty with and will Endeavour to rectify and notify all members of the result. We ask that if you are unhappy with any service you encounter that you communicate directly with us.

It would also be appreciated if any further concessions you are aware of that are available and not noted in this register, you would advise this committee for follow up.

Queensland Government Concessions

The TPI office at Oxley has the new Concessions Made Easy Booklet put out by the Queensland Government Department of Communities. If you would like a copy of the booklet please call into the Oxley Office.

Car Parking

Cairns City Council has agreed to allow current members of the FNQ TPI Association Park on CCC metered car parks free of charge.

To obtain this concession, members must come to an association meeting and purchase the special certificate that must then be placed on the windscreen of the subject motor vehicle close to the registration label. The cost of this certificate is \$5.00.

Members who purchase the TPI parking certificate are listed on a register, which is then sent to Cairns City Council.

If such a certificate is prominently displayed and a member should receive a parking infringement notice, that member should contact a Committee Member or Georgina Shorer at CCC and the notice will be waived.

Gold Coast City Council has FREE parking in metered parking spaces.

When your Disabled parking permit is displayed in your windscreen.

If a person receives an infringement notice than that person just takes the notice and the disabled permit to any council office and the fine will be wavered
